2012-2018 Magen David Adom

E.M.T

During my voluntary work at MDA, I learned how to work under pressure, think outside the box, and collaborate with the other teammates stimulatingly while being open for an a never-ending learning, so ill be able to give a better service

Work experience

2021 and Up to date - Freelance

FREELANCE DESIGNER

As a freelance I design and rebrand bussineses, create event posters and invitations, build-up complete graphic languages and create interactive landing pages, including integration with 3rd side services

in addition, during college I characterized apps and web pages all the way from the level of thinking of the concept and until the final part of delivering to production

2020 - Harel Insurance LTD

IT&HELPDESK

Responsible for systems implementation in the company while considering the needs of the employee and the specific programs he works with.

in addition, run and install images, install and connect DVIs to the internal net system and troubleshoot issues of internet and communication if needed,

work demanded collaboration with the other employees from the lowest level, all the way to the CEO and management

2019 - GC Bali

SALES MANAGER

in this position, I was responsible for managing the local employees and making sure to keep up the increasing the brand revenues

The entire work was done in both english and indonesian and I can tell that I learned alot about money, economy, understad of the client's needs and many more things that gave me an atvantage during school in marketing courses

Education

2022 - Ruppig Tech College

Media Design School

During the 2 years of college, I practised and specialized in the field of graphic and UX desing, including the knowledge of creating Graphic languages, Branding, Typography and UX design for digital systems.

additionally, during school I specialized at web development in wordpress environment, and integration with 3rd side services, to meet the client's needs

2014 Amit Technologics

High-school

During high-school, I finished successfully my matriculation including 10 units in communications, and 5 units in english. over the years I practiced and improved my english to the level of fluent social and professional conversations
